Report Groupe G7 - Taxi meeting

Date: 26/05/2016

Taxi G7: [REDACTED] (Union Nationale Industrie Taxis); [REDACTED] (Image Sept Bruxelles)

- Groupe G7 originally was a taxi dispatcher offering phone calls (created in 1960) but has shifted its business model to a multichannel digital platform dedicated to taxis. Since 2004 is also providing Web ordering; GPS taxi location; and since 2008 Iphone ordering services for "legal" taxis only.

[REDACTED] Taxi G7 is established in France and also provides services in Brussels, Amsterdam, Dublin and Toronto. [REDACTED]

- G7 concerned with our Communication. Not clear for example if they would also be captured by the definition of platforms (we clarified that in any case they are not a collaborative economy platform since they no peer may be able to offer its services through their platform).

Best,
