Subject: Internal review of access to information request - Trialogues on the Telecommunications Single Market Regulation
Date: lundi 17 août 2015 12:19:44

Dear Communications Networks, Content and Technology,

Please pass this on to the person who conducts Freedom of Information reviews.

I am writing to request an internal review of Communications Networks, Content and Technology's handling of my FOI request 'Trialogues on the Telecommunications Single Market Regulation'.

In the reply to my request (ref.GestDem 2015/3273), it is stated that "the time limit [to respond to my FOI request] will expire on 09/07/2015". "In case this time limit needs to be extended, you will be informed in due course", the response added. However, I have neither received any document nor a notification explaining why the deadline would need to be extended.

Accordingly, I would like to know why my request has not been handled in due time. I would also like to reiterate my interest in receiving the documents already requested, i.e. documents which contain information related to the trialogues on the Regulation of the European Parliament and of the Council laying down measures concerning the European single market for electronic communications and to achieve a Connected Continent (the "Telecommunications Single Market Regulation" or "TSM"), including:

- list of participants of the trialogues
- list of the categories of documents held in relation to the trialogues on the TSM, technical meetings and Commission's internal meetings
- three- and four-column documents
- reports
- minutes
- notes

Thank you very much in advance. A full history of my FOI request and all correspondence is available on the Internet at this address: 

Yours faithfully,
