Project review (Article 22)
Invitation letter

Dear Madam/Sir,

I am writing in connection with your above-mentioned grant and would like to inform you that we are planning a **review procedure**.

The review will cover the project activities that you have carried out.

It will examine:

- the degree to which the work plan has been carried out and whether all deliverables were completed
- whether the objectives are still relevant and provide scientific or industrial breakthrough potential
- how resources were planned and used in relation to the achieved progress, and if their use respects the principles of economy, efficiency and effectiveness
- the management procedures and methods of the project
- the beneficiaries' contributions and their integration within the project
- the expected potential scientific, technological, economic, competitive and social impact, and plans for using and disseminating results
- eligibility of the costs claimed
- compliance with other grant agreement obligations.

It will also cover the work of third parties involved in the project (*e.g. linked third parties, third parties giving in-kind contributions, subcontractors, etc*).

We will be assisted by the following **outside expert(s)**:

Please let us know — within 7 **days** of receiving this letter — if you object to any of these experts on the grounds of commercial confidentiality, and explain the reasons why (via your [Funding & Tenders Portal account](#)).

The review will include a **review meeting** which will take place at the following venue:
