Subject: Meeting request w. Google CEO Sundar Pichai

Dear Mr Samsom,
I hope this email finds you well.

Sundar Pichai, CEO of Google and Alphabet, will be travelling to Brussels on January 20. He would be delighted to have the opportunity to meet Executive Vice-President Timmermans to start a constructive dialogue on how Google can support the European Green Deal strategy. Sundar would be particularly keen to engage and discuss Google's efforts and investments in the field of sustainability.

Could you please help us check the availability of the Executive Vice-President for a meeting with Sundar on Monday, January 20? We currently have a meeting in Berlaymont with the Executive Vice President Vestager at 15.00, so perhaps a meeting directly afterwards would be appropriate. We will of course adjust to the busy agenda.

Thank you for considering.

Kind regards,

[REDACTED]
