Thank you very much for your e-mail. This is great news. I would kindly suggest you to contact either the team of Commissioner Canete or directly DG CLIMA to get the most accurate and detailed information. I believe this would be the most useful way forward, given the needs of your clients.

Subject: Request for an informal coffee/call on Intersection between Climate Policy and Circular Economy

Dear Ms Braun,

If you recall we met a couple of months ago to discuss the EU proposal on Single-Use Plastics and how the private sector could contribute to the EU objectives of tackling marine pollution. Last week the EU Commission issued its long-term decarbonisation strategy where Circular Economy plays a very active role in one of the pathways towards zero-emissions economy.

Given that a number of our clients are currently working on decarbonisation pathways for their business and we want to make sure that we are providing an advice which is in line with the EU policy objectives I was wondering whether you would have a short timeslot either for an informal coffee or a call as I have a few clarification questions on the circular economy part.

Looking forward to hearing back from you.

Best regards,
