**Subject:** New analysis of the Circular Economy Action Plan - after 20th of February meeting with IEEP & partners  
**Date:** vendredi 13 mars 2020 15:31:53  
**Attachments:** [CEAP analysis by IEEP and SEI.pdf](#)

---

Dear Ms Braun, Dear Ms Nelen,  
as previously announced to you (please see our e-mail below) and in addition to the meeting discussion you kindly accepted to have with IEEP and its partners on the 20<sup>th</sup> of February, I would like to share with you a new and separate **analysis of the Circular Economy Action Plan that IEEP wrote together with SEI with inputs from MISTRA.**

The analysis looks specifically at some of the key actions included in the plan that relate to demand and assesses how well these actions may help reduce the environmental pressure driven by consumption and contribute to a more circular European economy within the boundaries of the planet. It also provides recommendations on going forward.

Please find it attached as well as at the following link: <https://ieep.eu/publications/an-analysis-of-the-new-eu-circular-economy-action-plan>

Would you have any feedback to share with us on it, we would be glad to receive and discuss them with you together with our partners.

Best regards,

[REDACTED]

**Subject:** Follow-up recommendations after the meeting on Circular Economy and Sustainable Products Policy

Dear Ms Braun,

Following your meeting with IEEP and its partners on 20<sup>th</sup> February, please find attached a list of recommendations prepared by the researchers.

I'd also like to take this opportunity to let you know that next week we will be publishing a separate analysis of the Circular Economy Action Plan, with recommendations going forward, including on implementation. We would, of course, be more than happy to share this analysis with your Cabinet and others who might be interested.

Thank you for taking the time to meet with our organisations.

Kind regards,

[REDACTED]
