Dear Mr. Timmermans,

I'm a French journalism student and with other students, we are working on circular economy in the EU. Following the agreement to ban single-use plastic, we want to know the goals of the EU on the subject.

Would you agree to give us an interview? We would like to film it if possible. We are in Brussels from Monday, February 18th until Wednesday, February 21st.

I'm looking forward to hearing from you!

Best regards ,
