Dear Helena,

Sounds great – looking forward to hearing back once you have more clarity on the Davos plans

Regarding a meeting in Brussels it sounds like a very good idea. We will be in Brussels on 29-30 Jan together with (Cc) from the SAC for various meetings and this could be an good opportunity to continue the below discussions and also to update you on the progress of the Policy Hub
<[https://urldefense.com/v3/https://www.policyhub.org/!!D0xrgLBM!VKsPADuJsHzOq40Fo9vUcTBF7ACU7SW0Ogk8pCbUQC9ccOjMm2p92kGbRRJ_7qFbBLjfQ\\$](https://urldefense.com/v3/https://www.policyhub.org/!!D0xrgLBM!VKsPADuJsHzOq40Fo9vUcTBF7ACU7SW0Ogk8pCbUQC9ccOjMm2p92kGbRRJ_7qFbBLjfQ$)> – the collaborative effort initiated by SAC, FESI and GFA to unite the apparel and footwear industry to speak in one voice and propose policies that accelerate circular practices

Would you be available during the morning on 29 Jan, for instance at 10 00? We have another meeting starting at 12 30, so we are pretty flexible until that in case 10 00 does not work. As a plan b, the 30th could also work early morning or late afternoon

All the best,

Thank you very much for your e-mail and invitation. I am copying my colleagues Tony who are preparing the programme of Mr Timmermans for Davos and who will get back to you once the details of Mr Timmermans' participation are clearer.

Regarding your suggestion to align initiatives, couldn't agree more. However, I believe it would be best if we first met and discussed some time early next year in Brussels at Cabinet level together with responsible people from our DG ENV. Should you have any dates in Jan-Feb next year, don't hesitate to let me know and I will be happy to arrange

Kind regards

Helena

Dear Helena,

As previously discussed it would be amazing if you could bring the below Davos invitation forward to Mr Timmermans. We would be happy to organize speaking time for Mr Timmermans. Do you have a better overview of his participation by now or will that not be clear before beginning Jan?

Our event in Davos on 21 Jan will mark the launch of the new Fashion CEO Agenda <[https://urldefense.com/v3/https://www.globalfashionagenda.com/ceo-agenda-2019/!!DOxrgLBm!Vc65CQNR64kUQfy4rtSbtPumZ2bldr0K4W03KVtnzZ_Pmx4XTytlGC2HICYxw48ac_6FA\\$](https://urldefense.com/v3/https://www.globalfashionagenda.com/ceo-agenda-2019/!!DOxrgLBm!Vc65CQNR64kUQfy4rtSbtPumZ2bldr0K4W03KVtnzZ_Pmx4XTytlGC2HICYxw48ac_6FA$)> – 8 issues for fashion CEOs to prioritise in order to urgently improve their sustainability performance. The new version

will significantly address circularity, climate crisis, resource efficiency and will also introduce a new spotlight on biodiversity. There are of course also a number of social issues on the CEO Agenda as well as traceability.

On another but connected issue, an increased number of international organisations like G7/G20, OECD, UNEP, C40, UNECE etc. are zooming in on circularity in the fashion/textile industry, following the lead of the European Commission. We believe it would be helpful to align efforts from the beginning so that each organisation does not go out and create their own separate approach but that they align with the EC. We are already talking to G7/G20 about this and are planning to bring the parties together in Copenhagen for the Fashion Summit in May, but we could possibly initiate this in Davos. We are currently in dialogue with WEF about this and will keep you posted.

All the best,
