

EUROPEAN COMMISSION

DIRECTORATE-GENERAL

CLIMATE ACTION

Directorate C - Climate Strategy, Governance and Emissions from non-trading sectors

– Road Transport

Brussels,

NOTE TO THE FILE

Subject: Meeting between Mauro Petriccione, Director General and Tesla Inc.

Participants:

- Tesla Inc.:
- DG Climate Action: Mauro Petriccione (MP), Director General, ,

presented in brief recent and expected developments relevant for the decarbonisation of the road transport sector. They discussed possible ways to reduce GHG emissions from the automotive sector, including in relation to the necessary enabling conditions such as the deployment of sufficient recharging/refuelling infrastructure. DG Petriccione outlined some key aspects from the Commission's communication "Clean Planet for All" in relation to decarbonisation of transport, and the good outcome of the inter-institutional negotiations to set CO2 emission standards for new vehicles. .

Cc: Petriccione
