Dear EULISA PAD,

thanks for your prompt response to my request. I accept that my initial request is broad and I would like to narrow it in the interest of practicality. Please provide the following information on the more general operational parameters of SIS:

- The current interface control documents (ICD) for SISII, where 'Interface Control Document' is defined for example in the "Report on the technical functioning of central SIS II 2017-2018"
- User Requirements Document (URD), also mentioned in the same report p.9

Regarding the requests for email and postal communications, I would like maintain the following aspects of the request:

- Any postal or email communications between LISA and the UK government or any UK-based companies related to the SIS and the exit of the UK from the European Union;
- Any communication between LISA and the DG HOME regarding the same topic.

Yours sincerely,

Friedrich Lindenberg
