28/5/2019 meeting in the BERLAYMONT, with the Cobalt Institute 777244615994-94, and Rud Pederssen 165838227131-07
Commission represented by C. Bermig, S. Paquot, G. Radziejewski

Minutes/Topics by GR:
- Cobalt contribution to the numerous areas of the EU agenda (i.a. climate change, digitalisation, air quality, circular economy)
- The risk linked with the ongoing REACH processes (restriction and classification/labelling), which are considered “disproportionate and overconservative”
- If no holistic approach between chemicals regulations and other policies - Europe risks being left behind the curve, pushing production out of the EU
