**Subject:** Request for meeting 20 February 2020

**Categories:** [REDACTED]

Dear Commissioner Simson,

It was a pleasure shortly meeting you in the European Parliament in Strasbourg today and I write to request a meeting for Equinor [REDACTED] on 20. February 2020.

Equinor, is the second largest exporter of natural gas to the EU and we rank number six in the world in traded volumes of crude oil and number five in installed capacity of offshore wind. We are a trusted partner for many of the largest energy companies of the Union and a strong supporter of the European Energy Union and a strong EU-Norway energy partnership. [REDACTED] is responsible for our company's marketing of oil, natural gas and power which represents about 40% of the Union's trade balance with Norway. [REDACTED] is also responsible for our low carbon business that focuses on hydrogen and carbon capture and storage, technology options that we believe will play an important role in delivering the European Green Deal.

We hope to look forward to discussing how to take the European energy transition forward and to hear back soon on the convenience of the date proposed.

Seasonal greetings, and

Yours sincerely,

—

[REDACTED]

Equinor Energy Belgium NV
