Dear Anna and Maja,

Due to Covid-19 and increasing travel advisories and restrictions, Danske Bank Equities has decided to postpone our Fact-finding trip to Brussels due to take place 17 March 2020. We are working on a new date for the trip, and expect to host the event later in the year. The new date will be communicated as soon as it is decided, and I hope that we will be able to set up a meeting with you then.

I am really sorry about any inconvenience that this causes you.

Thank you very much for all your help so far!

Thank you so much for this, it sounds like a very good plan! So please go ahead and book a room (we expect 4-8 people in total in the group, I will let you know if this number changes), and do send me the address so that I can add it to our programme. And we would appreciate if you could focus on beverage bottles. Thank you very much!

I will keep you updated on progress and participants along the way, please let me know if you need anything else from me.

Thank you again and have a good afternoon!

Thanks for your email.

As there are many overlaps between the PPWD and the SUP Directives, we would believe that a common meeting on these topics would be best, and would suggest **from 9h30 until 11h**. My colleague Maja has another meeting starting that day at 11am, so we would really need to finish the meeting by 11am the latest. We would suggest a presentation on the new SUP Directive followed by a presentation on the revision process of the PPW Directive, if necessary with a focus on beverage bottles. This can then be followed by a general discussion on the legislative framework.

We can book a meeting room in Beaulieu for this meeting.

Let me know what you think.

Kind regards,

I am sorry to trouble you again about this, but in order to plan our meetings I would like to check with both of you with regards to timing and venue. Are you both located in the same building/nearby, and would it be possible to hold the meeting at your premises? In any case I would like to suggest the following agenda (timing depending on the venue for the meetings):

9:00-10:00 Meeting with [Redacted]

10:15-11:15 Meeting with [Redacted]

Would that fit your schedules? If not, please suggest alternative times.

We have a lunch meeting with Zero Europe confirmed afterwards, so I need some input from you in order to go ahead and set the agenda for the rest of the day. I look forward to hearing from you.

Thank you very much!

Dear [REDACTED]

Thank you so much for your quick, and positive, reply! Since we have confirmed a meeting with [REDACTED] as well, I would like to check with both of you with regards to timing and venue. Are you both located in the same building/ nearby, and would it be possible to hold the meeting at your premises? If not, we will be staying at a hotel (name TBC) and could of course arrange for a meeting room there, just let me know what you prefer.

We could start the meeting with [REDACTED] at 8.30/ 9.00 if that fits her schedule and then go on to meet with you directly afterwards. Would that work? Please let me know, and do come up with alternatives if the suggested timings don't work.

And so a final question, do you know anyone who has a good knowledge of the European Green Deal? Any input is much appreciated!

Thank you again for all your help and have a good weekend when that time comes!

Dear [REDACTED]

Thank you for contacting me. I'm available for a meeting on Tuesday, 17 March. I'm afraid I'm just dealing with the packaging and packaging waste directive and I don't believe to be an expert and have answers to all the questions below. But – we can discuss the directive, its current revision process and the commission's current approach on DRS.

Best regards,

Dear [REDACTED]

As you know I have received your name and contact info from Mrs Bobo Remijn, and hope that you can help me.

We are bringing a group of investors, approximately 5-10 European fund managers, with the EU Single-use plastic directive in focus. Our aim is to look deeper into the directive and its implementation, and learn more about ambitions, goals, support, obligations and obstacles, with the intention of getting a better overview and understanding of the full process from different angles.

In addition to a general presentation/ explanation, by Anna, we would like to add someone who could enlighten us upon how the directive will affect beverage packaging (producer responsibilities, reusable solutions, return schemes etc.) to our agenda. This topic is highly relevant for us, and this is where you come in as I understand that you are the expert. Are you available for a meeting March 17<sup>th</sup> (preferably before lunch)? And could you, in addition to the subject of beverage packaging, also touch upon the European Green deal? Or should I contact someone else about this? In that case, could you please provide me with a name?

I am sorry for all the extra work I am causing you and your colleagues, but we aim to create an interesting and relevant day in Brussels for our investors, so I am trying to dig into the subject from all angles.

Do not hesitate to contact me if you have any questions, and do let me know if you need any additional information from us. I look forward to hearing from you.

Thank you very much!

Med vennlig hilsen/

Kind regards

**Importance:** High

Dear Anna,

Thank you again for your positive answer, and sorry about not getting back to you until now!

We are trying to confirm March 17<sup>th</sup> for the trip, but in addition to a presentation about the Directive by you or one of your colleagues, we would like to add someone who could enlighten us upon how it will affect beverage packaging (producer responsibilities, reusable solutions, return schemes etc.) to our agenda. This topic is highly relevant for us, so I am reaching out to you hoping that you may be able to connect me with someone with knowledge about it, as I still haven't managed to do that. Is this something you could help me with?

Any help is much appreciated! Thank you very much!

Dear [redacted]

Thank you so much for your positive answer!

An hour will most certainly be enough, and both the 16<sup>th</sup> and 17<sup>th</sup> suit us well.

However, could you please keep both dates open until I have checked if the date suits some of the other people/ organizations I have contacted in Brussels?

It would be much appreciated, and will let you know the date the moment I find out.

Thanks again and have a good day!

Thank you for your message, seeking to organize a meeting on the SUP Directive. In the waste unit of DG Environment, I am responsible for this Directive, together with my colleague [redacted] (reading in copy).

I'd be happy to explain the Directive to your fund managers, either on the 16<sup>th</sup> or 17<sup>th</sup> of March. However, given that we will be very busy around that time with the preparation of the implementing acts and guidelines under the Directive we will only have time for a one hour intervention (presentation/discussion).

Let me know if this suits you.

With kind regards,

**Subject:** Danske Bank Equities meeting request on EU single-use plastics directive, Brussels March 2020

[redacted]  
My name is [redacted] and I am the event manager at Danske Bank Equity research Oslo. Together with our consumer analyst [redacted] [redacted] I am trying to set up an investor trip to Brussels this spring for approximately 5-10 European fund managers, with the EU Single-use plastic directive in focus. Our aim is to look deeper into the directive and its implementation, and learn more about ambitions, goals, support, obligations and obstacles, with the intention of getting a better overview and understanding of the full process from different angles.

We would like to start the day with a meeting with you or someone else with expert knowledge from the European Commission, in order to get a deeper insight into the legislative work with the directive and its implementation (process, cooperation, potential problems etc.). Is this something you could help us with, and would you be available for a meeting during week 12 or 13 (i.e. sometime between March 16 and March 27)?

If not, could you recommend someone that I could contact? I appreciate any input.

The rest of the day we will try to book meetings with other relevant people with knowledge about the process and the way forward, starting with Bettina Lorz or someone else from the DG Environment Commission. We hope to find out how the directive will affect beverage packaging (producer responsibilities, reusable solutions, return schemes etc.). We also hope to confirm someone from Zero Waste Europe to give their view on the directive and the implementation, opportunities and collaboration across borders. Finally we will move on to FoodDrinkEurope in order to look into their collection and recycling targets, and get their view on the cooperation between authorities, producers and consumers in order to reach the goals.

A meeting with an independent retailer or an interest organisation is last on the agenda, with the intention of hearing their view on the directive, obstacles and opportunities. And with that we believe we will have covered the full agenda. As mentioned above, we hope to create an interesting and highly relevant day in Brussels for our investors, and I would be very grateful if you could help me, or provide me with the name and person at the EU commission who could. Do not hesitate to contact me if you have any questions or need any additional information from me.

Thank you!

Kind regards,
