Subject: access to documents request - Animal Cloning

Categories: Action needed

Dear Health and Food Safety,

Under the right of access to documents in the EU treaties, as developed in Regulation 1049/2001, I am requesting documents which contain the following information:

I am an Advanced Master student in International and European law and I am writing a thesis about animal cloning. I found info about the member countries and third countries in the impact assessment page 77 etc
https://ec.europa.eu/food/sites/food/files/animals/docs/aw_other_aspects_cloning_impact_assessment_report_en.pdf. This information is from 2013. Can you send me please an update about (relevant links and documents) the point of view of the member states and third countries as we are in the year 2018 and I could not find anything?

Yours faithfully,

[REDACTED]

This is a request for access to information under Article 15 of the TFEU and, where applicable, Regulation 1049/2001 which has been sent via the AsktheEU.org website.
