**To:** SG ACCES DOCUMENTS  
**Subject:** access to documents request - Legislation influencing current and future potable water supply use and restrictions/private and industrial

Dear Energy,

Under the right of access to documents in the EU treaties, as developed in Regulation 1049/2001, I am requesting documents which contain the following information:

Keywords: Water; natural environment; law; directives; enforcement; storage; energy/domestic and industrial; chemical; pollution; UK's EU (Withdrawal) Bill

This request is in 7 parts:

1. Water drawn from the natural water environment/provisions for industry and domestic use.
2. Compatibility of EU's Water Framework Directive with up-to-date observed changes/ anomalies in natural seasonal patterns of precipitation across the EU and in wider context.
3. Potable water storage e.g. as ice and aquifer health; as water reservoirs and containers.
4. Annual estimated/predicted provisions of fresh water acquired for energy development and infrastructure use.
5. Permanent storage of "produce" water pertaining to the energy and chemicals industries which cannot be rendered fit for the natural environment, thus must be contained and stored.
6. All applicable laws, treaties, directives and [Millennium Development] Goals etc. used to hold national governments and industries to account in instances of breach of rules, and respective enforcement mechanisms.
7. Following exit day, the effect of Britain's planned withdrawal from the EU on its erstwhile compliance with EU environmental rules, particularly regarding potable water.

The information you supply will help me when I return to lobby my MP in his advice surgeries. I am affiliated to the [redacted] Foundation, however in this capacity I represent myself.

Yours faithfully,

[redacted]

-----  
This is a request for access to information under Article 15 of the TFEU and, where applicable, Regulation 1049/2001 which has been sent via the AsktheEU.org website.

Please kindly use this email address for all replies to this request: [redacted]  
[redacted]@asktheeu.org

If sg-acc-doc@ec.europa.eu is the wrong address for information requests to Energy, please tell the AsktheEU.org team on email team@asktheEU.org

This message and all replies from Energy will be published on the AsktheEU.org website. For more information see our dedicated page for EU public officials at <https://www.asktheeu.org/en/help/officers>
