Subject: Meeting request Volkswagen Board Member [REDACTED] on 3 December

Dear Mr. Hololei,

The fight against climate change and the transformation needed to reach the Paris Agreement targets are core issues for the upcoming legislative period. For the transport sector and the automotive industry as a whole electrification takes center stage towards a more sustainable, safer and better mobility eco system.

Looking at the challenges ahead how should European decision makers support this shift. Our Board Member of the Volkswagen Brand responsible for electro mobility, Mr [REDACTED], would be delighted to exchange views on how to best support the automotive transformation on a European level.

[REDACTED] would be available for a bilateral meeting as he visits Brussels in the course of the morning on 3 December 2019.

I am at your disposal if you may have any questions.

We are looking forward to your reply and remain with kind regards

[REDACTED]
