Subject: Impacts of the COVID-19 pandemic on the eHealth sector
Date: vendredi 3 avril 2020 18:47:25

Dear Madam/Sir,

As a member of Commissioner Thierry Breton's team, I have been following the impacts of the COVID-19 pandemic on different economic sectors in the EU, including the digital health sector.

On behalf of the Commissioner, I would like to invite you to a virtual meeting with him on Monday 6 April, between 14.00 and 15.00 (Brussels time).

Following a short introduction, where Commissioner Breton would present the European Commission's measures to support businesses and Member States, I would like to invite you to present your views about the impact of the crisis, short-term challenges and what you see as particular needs in terms of support at the EU level.

The e-health sector is also one with the potential to innovate quickly and support Member States in their response to tackle the pandemic. You will be also invited to outline what solutions your sector or company can offer and whether there is more that the Commission can do to facilitate this.

Please see the agenda below.

You are going to receive an invitation to the meeting with a WEBEX link and contact numbers. Please note that the link is going to be active from 13:45 but the meeting will start at 14:00 to make sure that everyone can connect on time.

Could I please ask you to make sure your company or association is registered in the Transparency Register?

<https://ec.europa.eu/transparencyregister/public/ri/registering.do?locale=en#en>

I am looking forward to an open and useful discussion.

Thank you in advance for your cooperation and

Kind regards

[REDACTED]

Agenda

- Initial remarks by Commissioner Thierry Breton
- Viewpoint from the health ICT sector: [REDACTED] COCIR
- Viewpoint of a leading technology company: [REDACTED]
