Dear ,

Dear all,

Thank you for your time and for the valuable feedback we received during our meeting last Thursday.

As a follow-up of the meeting, referring to the question for ideas on how the Chemicals Strategy can contribute to the recovery, please find attached hereto the FuelsEurope position paper on the Recovery Plan and the press release.

In mean time, we are working on a one pager to explain the issues with the assessment of petroleum substance UVCBs.

May I also take this opportunity to mention the "Clean fuels for all - A potential pathway to climate neutrality by 2050" campaign which we launched today (<https://www.fuelseurope.eu/clean-fuels-for-all/>).

Kind regards,
