**Subject:** Re: DSA Ex-Ante: CCIA's Meeting Request

Dear [REDACTED] and colleagues,

personal  
data

Thank you for yesterday's productive open dialogue and your willingness to engage on the nuance of ex-ante issues. We hope for the continued opportunity to engage with you to ensure that the proposed regulation preserves and to the extent possible enhances industry-wide incentives to invest, innovate and compete. This is particularly important given the EU's global influence.

We would be most grateful to have a later discussion on the more procedural elements and the other unaddressed aspects of our proposed agenda, if you would be willing.

Below, and in the interest of open dialogue, I answer your written questions. Though I must preface that these answers are my first impressions and should not be attributed to any member of CCIA nor considered the official position of CCIA (which we will submit as part of the consultations). And my apologies in advance for the length, we would be of course happy to answer any further questions that arise!

Best regards,

[REDACTED]
