Dear Daniel,

In prior to our call please find attached the updated agenda, list of participants and a brief overview about the transformational and cross sectorial initiatives the group intends to bring forward.

We've already incorporated the session with EVP Timmermans with the opening by him followed by a discussion with the group about how the private and public sector can jointly push for the implementation of the planned -55% target and what framework is needed.

So please check if you can agree with it.

A few more practical details/questions:

- Language will be English
- We will send you a video link from Microsoft Teams. If the Commission will only allow other video conference systems please let us know.
- Please name a person in your team to check the technical access in prior of the meeting
- If you or someone from the cabinet intend to participate via video call please let us know.
- The group intends to release some kind of press release after the meeting. We would like to mention the discussion with the EVP. If you would like to have any quotations from the EVP in the release please let us know.

Looking forward to our call.

Best

Dear Daniel,

Dear Ms. [REDACTED],

as discussed on the phone with you, Daniel, I would like to come back to you in order to discuss the way forward after our **open letter by the [REDACTED] initiative for Europe's Recovery, Reform and Resilience to the European Commission, European Council and European Parliament coordinated by [REDACTED] Volkswagen Group.**

The [REDACTED] initiative comprises 11 companies – **ABB Ltd, Akzo Nobel, N.V., Enel S.p.A., E.ON SE, IBERDROLA S.A., A.P. Møller - Mærsk A/S, SAP SE, Scania AB, Schneider Electric SE, Siemens AG and the Volkswagen AG.** The initiative is aiming at supporting the EU institutions towards their strategies of recovery and resilience in the aftermath of the Covid-19 pandemic.

Acknowledging that the EU is facing an unprecedented challenge by the disruptions of the Covid-19 pandemic, the initiative stands ready to strongly support the EU Commission's pandemic response "Next Generation EU" to kick start the economies in short term, but also prepare for the longer-term transformation of its industries. As outlined in their open letter, we believe, we should prioritize measures that have immediate positive effects on employment, contribute to sustainable development and are in line with the environmental targets of the European Green Deal for 2030 and 2050.

In this context, the [REDACTED] of the initiative would be delighted if **Vice-President Timmermans would be available for a personal exchange with them** in order to discuss next steps, focal points as outlined in the letter and concrete projects forward. Below options would be feasible:

1. The [REDACTED] initiative is planning **its first personal meeting in the afternoon on 1 of October 2020 in Stuttgart, Germany.** They would be delighted if VP Timmermans could join them in person for their first constitutional meeting.
2. Given the current Covid-19 travel restrictions, secondly a **video-call during the afternoon of 1 of October 2020** could be organized so that VP Timmermans could join the initiative virtually during their meeting.
3. A **personal meeting in Brussels** could be organized with the [REDACTED] and the VP in Q3 2020.
4. A **virtual video call** between the alliance and the VP could be organized in Q3 2020.

[REDACTED] sends his best regards to Mr. Timmermans and would be delighted to continue his discussion from Davos together with the

other members of the [REDACTED] initiative. Please find the open letter attached again for your convenience. Lately we have also been joined by **Engie and Phillips** within our initiative.

I would be happy to receive your feedback and views on this.

Best regards
