

## REPORT

**Mr Dermot Ryan (CAB Hogan) meeting with representatives of Bayer CropScience SA-NV (**

**Art 4.1(b)**

**EU Liaison Office**

**Brussels), 24 June 2020**

The purpose of the meeting was for the representatives of Bayer CropScience SA-NV to get a clearer understanding of and exchange views in relation to the Commission's Green Deal proposals, particularly as they related to agriculture and the environment. Mr Ryan outlined the main principles and objectives of the Green Deal, including the Farm to Farm (F2F) and Biodiversity Strategies, and the contribution that it would make to ensure the sustainability of the European economy.

The representatives of Bayer CropScience SA-NV expressed their support for the initiative and their desire to work with the European institutions to ensure its success. They expressed their appreciation for the explanations and clarifications provided and both sides agreed to stay in touch in relation to further developments, particularly related to any legislation that might be proposed to underpin certain aspects of the Green Deal.
