Dear M. Bercero, Dear [REDACTED],

ahead of the meeting next week, December 4 at 09h, we wanted to share with you the participants list (see attached). The discussion triggered a lot of interests from EU trade associations across sectors, demonstrating the importance given to the EU Trade policy review. All these trade associations have in common to be "trade enthusiast", in favor of multilateralism and to rely on global/regional supply chains.

As for the discussion in itself, we would like to propose you to deliver an introductory speech 15 min if that is ok with you ? Before giving an opportunity to trade associations to react.

The objective of the discussion is to provide an opportunity for EU Trade associations to go in details of specific issues or priorities they may have identified in their response to the Consultation. We would like to have an interactive discussion and to make this exercise useful for you too. Therefore, should you have any questions or topics you would like these trade associations to reflect on, please let us know in advance so I can share these with the participants ahead of that meeting.

We will send you the login details for the call in due course,

Should you have any questions, please let me know,

Thank you very much again for your interest and participation.
