Dear [redacted]

We would also like to thank you for the opportunity to discuss the privacy-related topics in the context of the HVDs. Please find attached the Impact Assessment (already validated by the RSB but not yet published) and the final report of the support study.

Do not hesitate to come back to us in case of any questions you might have.

Kind regards,

[redacted signature]

Subject: RE: Open Data Directive - Implementing Act on High Value Datasets

Dear colleagues,

Thank you again for the informative discussion we had last week.

As indicated, we would greatly appreciate it if you might already be able to share with us the draft impact assessment (as well all the underlying study if possible) so that colleagues can begin to prepare for the forthcoming ISC and your request for informal comments.

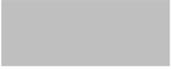

Just to flag also that I have checked with [redacted] and we are not aware of any instance where the Commission has first sought informal comments without subsequently also seeking formal comments. [redacted] it would also seem that the subject matter is likely to fall

decision-making process

within the scope of article 42 of Regulation 2018/1725 and require also formal consultation of the EDPS (even if the choice were to be made for a more minimal scenario).

Finally, as the question of a possible EDPB position was also raised, we also wanted to flag that Article 42(2) of Regulation 2018/1725 foresees the possibility of a joint EDPS-EDPB opinion in cases of particular importance for the protection of individuals' rights and freedoms with regard to the processing of personal data.

Best wishes,

@EU_EDPS www.edps.europa.eu

Yes, webex still works for us (at least until the end of January as we're told).

We will use the link to your webex room.

Best,

That's great. However, I do not believe we are configured to connect via Skype for business yet, would webex be an option for you?

If you like, we could use my webex room:

Best wishes,

Dear [redacted]

Happy new year!

15:00 on Wednesday is still perfectly fine for us.
Technically, would Skype for Business work as a connection tool?

Best regards

Dear colleagues,

A very happy new year to you all!

Would Wednesday 06.01 at 15:00 still fit with your schedule?

Best wishes,

Dear colleagues,

For the moment it seems that Wednesday or Friday (06.01, 08.01) in the afternoon would be most convenient for us.
Is this also convenient on your side? If not, please don't hesitate to indicate your preferred timing and we will try to adapt.

Have a nice Christmas break,

Dear [redacted]

Many thanks for reaching out. May I suggest your team get in touch with my colleagues to set up a meeting in January?

We can also of course discuss, if needed [redacted]

Best wishes for a healthy and peaceful Christmas and a happier 2021!

Subject: Open Data Directive - Implementing Act on High Value Datasets

Dear [redacted]

I hope you are doing well.

Some time ago we talked about how we could engage on the Implementing Act on High Value Datasets, and in particular the category of companies data.

Shall we try to plan a session in early January? Or perhaps we could have that prepared by the respective teams?

Happy to discuss,
