**Subject:** Kind request for a dialogue on the EU vaccines export authorisation scheme

Dear Executive Vice President, dear Commissioners,

I hope this email finds you well despite the ongoing pandemic.

I am writing to you on behalf of EFPIA, Business Europe and Medicines for Europe to share the attached letter regarding the export authorisation scheme, for your kind consideration.

While we fully share and support the objective of increasing vaccines production and access of vaccines for European citizens, we have serious concerns with the scheme that we raise in our letter.

We would like to respectfully request a dialogue with you to address some of the export authorisation scheme's unintended consequences that could delay production as well as vaccine testing.

Thank you in advance for your time and kind consideration and our best wishes for a pleasant weekend,

[REDACTED] on behalf of EFPIA, Business Europe and Medicines for Europe
