Subject: Invitation to meet with [REDACTED], President & CEO GE Aviation on recovery and sustainable flight

Dear Henrik,

I hope this email finds you well and in good health. Happy 2021 and let's hope things will get better soon!

On behalf of [REDACTED], President and CEO of GE Aviation, we kindly ask for your availability to meet in early 2021 (February/March). As you may know, [REDACTED], an [REDACTED] national, joined GE Aviation as President & CEO in September 2020. Prior to joining GE Aviation, he served as President & CEO of Embraer Commercial Aviation, the world's largest manufacturer of commercial aircraft up to 150 seats. Since joining, he has guided GE Aviation through the ongoing COVID-19 pandemic with a view of ensuring that GE Aviation contributes to the recovery of the aviation sector and continues the development of vital sustainable next generation technologies in Europe.

Given the unprecedented impact of the COVID-19 pandemic and the importance of the coming years in aligning the aviation industry for future success in Europe, we would be delighted if we could have some of your time to discuss the recovery of the aviation sector and the critical work that we are doing to develop next-generation technologies to support the European Green Deal goals.

We would be more than happy to find a suitable time for such a meeting (teleconference) and are flexible in accommodating your busy schedule. Given the difference in time zones, we would be very appreciative if we could aim for a 14:00 to 15:00 window of time any day of the week. Should this however prove difficult, we would also have some flexibilities in the afternoon.

Thank you for your consideration and should you have any questions or require

additional information, please do not hesitate to contact me.

With kind regards,
