Dear Executive Vice-President Dombrovskis,  
Dear Executive Vice-President Timmermans,

In response to the European Commission's consultation on the draft delegated acts for the EU Taxonomy Regulation, I am addressing you on behalf of the members of the [European Alliance to Save Energy](#) (EU-ASE) in the letter here enclosed.

EU-ASE calls on the Commission to ensure that the taxonomy will play a key role in aligning public and private investments to deliver economic recovery from the Covid-19 pandemic, as well as resilience and long-term sustainability.

To achieve this goal, we believe it is crucial to review the technical screening criteria along the lines outlined in our short set of recommendations. Please find more information in the letter.

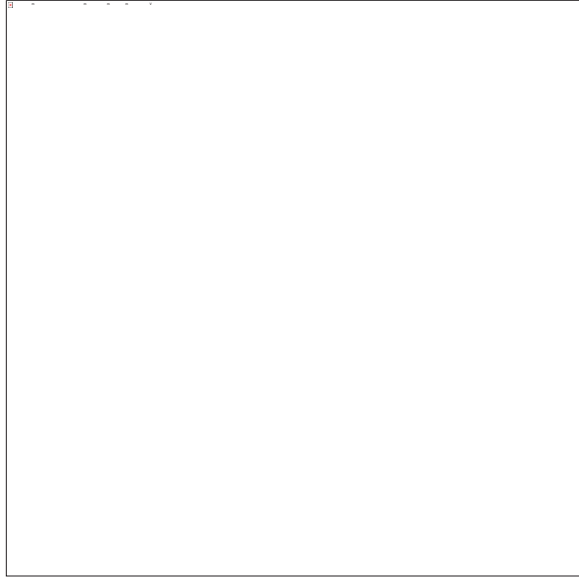

Thank you for your consideration.

Yours sincerely,
