Dear Ms Weyand,

[REDACTED] [REDACTED] would like to set up an introductory meeting with you in the coming weeks to discuss the key concerns of the retail and wholesale sector in trade policy. It would be in particular interesting to have an exchange on protectionist tendencies in global trade and how EuroCommerce can best support the European Commission's trade agenda. The meeting would also be a good opportunity to build upon the very interesting exchange that our Retail & Wholesale Leaders have had with Commissioner Hogan at the end of January.

Please find attached, as a reference, our Trade Policy Guidance, as well as our more general manifesto for the new European Commission.

Best regards,

[REDACTED] | EuroCommerce
