Dear [REDACTED]

The meeting on Wednesday 12:00 overlaps with another meeting.
Checking [REDACTED] agenda, we could offer Friday 26-11 at 12:00 CE instead.
Both [REDACTED] could be free then. Would that work on your end?

Best, [REDACTED]

Dear [REDACTED],

Thank you for your kind message. As Mr de Graaf's agenda is very busy tomorrow, he will not join the meeting but our colleagues, [REDACTED] [REDACTED] Digital Innovation and Blockchain Unit, [REDACTED] will participate.

I can certainly set up the webex call this Wednesday at 12h. Please send me the participant names and email addresses.

Kind regards,

■

Dear ■,

I also wanted to quickly clarify – the conversation was planned to be staffed at policy-level on our end (i.e. we have not scheduled our two Director Generals to join this particular call). Mr de Graaf is still of course very welcome to take part – but from re-reading my e-mails I have realised I have not been as clear as I could be on this. The authors of our published pieces will instead be present.

Should the Commission feel that it is important for ■ to take part, please let me know. Otherwise we will proceed by staffing the meeting with subject matter experts.

Kind regards,

■

Dear ■,

Many thanks for your e-mail. That time still works well for us and

we look forward to having Mr de Graaf join us. Thank you also for your kind offer to set up a webex call – that sounds perfect.

Kind regards,

Dear [Redacted],

I am following up on your exchange with [Redacted] regarding the call with [Redacted] and [Redacted] next week, to which our Director, Mr de Graaf, would be pleased to participate.

Mr de Graaf's agenda is very busy next week but he is available on Wednesday 24th November at 12h, if that is still convenient on your side? Unless you prefer a phone call, we would be pleased to set up a webex call.

Looking forward to hearing from you.

Kind regards,

Dear [REDACTED],

Thank you for your e-mail to our [REDACTED]. We would be delighted to have a phone call with you to explain our thinking behind the article we published. (The English version of the article is available here:

<https://www.fi.se/en/published/presentations/2021/crypto-assets-are-a-threat-to-the-climate-transition--energy-intensive-mining-should-be-banned/>)

It is important to note, that the opinions expressed in the article represent those of our two Authorities only – i.e. this is not the position of the Swedish government.

We would suggest we arrange a phone call for next week. Would you have any availability on either the Tuesday morning (between 9 am to 2 pm) or the Wednesday between 10am and 3pm?

Best regards,

[REDACTED]

Dear [REDACTED],

Dear [REDACTED],

By way of introduction, my name is [REDACTED] and I work at the European Commission [REDACTED] in DG CNECT. I am part of a team of experts working on blockchain technologies. We learned from a recent report in Euronews that your authorities have proposed a pan-European bank on crypto mining. We would be interested to understand precisely your authorities' position and the intentions of the Swedish government.

Would you or colleagues working with you be available for a phone call to discuss ?

Best regards
