## ITS Expert Subgroup meeting

9 June 2021, Remote meeting

### WP256 update

The rapporteurs presented the changes introduced and the remaining points for discussion:

Section 6.7.1: The rapporteurs presented the changes introduced and the final checks to be performed to make sure the referential is aligned with the final version of Recommendations 1/2020 and the new adopted SCCs.

The ITS ESG members were invited to volunteer for the task of reviewing consistency with the new SCCs. Several members of the ITS ESG [REDACTED] volunteered to check the relevant clauses and Recommendations 1/2020 with regard to the suspension of transfers. The alignments checks will be posted in Confluence to enable the ITS ESG members to comment.
