

Final

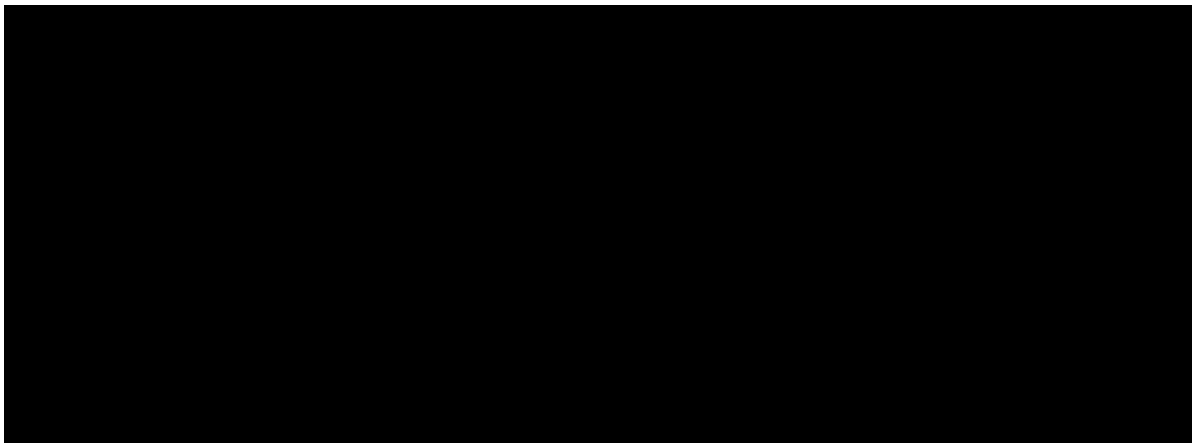

## ITS Expert Subgroup meeting

9 July 2021, Remote

### WP256 update

The rapporteurs presented the changes introduced and the remaining points for discussion:

On Section 6.7.1, the rapporteurs presented the changes introduced and the final checks performed to make sure the referential is aligned with the final version of Recommendations 1/2020 and the new SCCs adopted by the COM. After discussion, the ITS ESG chose, in particular:

The remaining points for discussion identified by the rapporteurs will be addressed at the next meeting dedicated to the WP256 update.
