Subject: ERT slides on 'Fit for 55' discussed last week with President Von der Leyen

Dear Executive Vice-President, beste Frans,

Please find attached slides on 'Fit for 55' which we as the European Round Table for Industry (ERT) shared and intensively discussed last week with President Von der Leyen.

The Members of ERT support climate neutrality and the ambition of 'Fit for 55' and stand ready to co-operate with you and other political leaders in Europe to put this principle in practice in a complex environment in Europe and beyond.

Also, on behalf of [REDACTED] and [REDACTED] ERT Energy Transition and Climate Change committee [REDACTED], I would like to inform you that we would be more than happy to discuss these topics in more detail.

You have already been invited to our Plenary Session in Bilbao on 22 or 21 November, hosted by [REDACTED], and we hope that despite the huge demand on your agenda you indeed will be able to attend?

Kind regards,

[REDACTED]
