Subject: Your request for access to documents
Reference: Your query of 13 June 2022 submitted via the AsktheEU portal

Dear Mr Kvist,

Thank you for your abovementioned query, in which you apply for access to documents in accordance with Regulation (EC) No 1049/2001, that is applicable to documents held by the European Union Aviation Safety Agency (EASA) under Article 119(1) of Regulation (EU) 2018/1139. In particular, you requested access to *“all files/documents regarding Unidentified Flying Objects, Unidentified Aerial Phenomena and Unknown Airborne Objects.”*

Please be informed that EASA is governed by Regulation (EU) 2018/1139 which sets out its tasks and responsibilities in relation to aviation safety. The topic that you are interested in, however, falls outside the remit of EASA competences. As a consequence, I regret to inform you that EASA does not hold any document subject to your request.

Kindly note that in accordance with Article 7(2) of Regulation (EC) No 1049/2001 you have the right to request EASA to reconsider its decision by making a confirmatory application. In such case, you should send your reasoned confirmatory application in writing to the Executive Director of EASA. The deadline for submitting the confirmatory application is set at 15 working days from receipt of this letter. Any confirmatory application received beyond this deadline cannot be accepted.

Yours sincerely,

Arthur Beckand
(e-signed)
