Importance: High

Dear [REDACTED]

As just discussed over the phone, please find here below the initial invitation for the Commissioner to deliver a keynote speech at the **GRIDTech 2022**, co-organised by Eurogas and GIE, with the technical partnership of ENTSG. The conference will be taking place on **28 June** in Brussels (**Maison du bois – 2 avenue des Volontaires in Etterbeek**). The Commissioner's speech is foreseen at **09:35**. For your information, MEP Buzek has confirmed his participation.

I understand that the Assistant of Ms Simson is away this week and we are happy to wait for her return on Monday to know if the Commissioner would be available to speak.

In the meantime, if you have any question, please do not hesitate to come back to me.

Have a good weekend.

Best wishes,

[REDACTED]

Subject: Invitation to deliver a keynote speech | GRIDTech | 28 June, 09:30-17:00 | The Arsenal, Brussels

Importance: High

Dear Commissioner Simson,

I take the opportunity to invite you to deliver a keynote address at the first edition of **GRIDTech 2022**, a joint conference organised by **Eurogas** and **GIE**, with the technical support of **ENTSOG**. The event will take place at **the Arsenal** on the **28th of June, from 09:30 to 17:00**.

Your speech will take place on the occasion of the opening session, starting at **09:30**.

The conference will shed light on the innovation and technological development in the EU gas infrastructure. Bringing together an eclectic selection of experts from various horizons, it will be the occasion to discuss the challenges faced by the energy sector to deliver climate-neutrality by 2050 while ensuring the security of supply of the union.

We invite you to find attached a draft programme of the event. The conference will offer a broad audience four panels focusing on

- Fostering a secure and sustainable transmission,
- Presenting the role of renewable and low carbon molecules,
- Enhancing sector integration,
- Reducing methane emissions,

The discussions will welcome representatives from the EU institutions, academia, industry, and energy sector at large.

We would be delighted if you would present to the international assembly the European Commission's guidance to deliver the climate objectives of the EU, as well as its vision regarding the gas and energy sector in general, in the light of REPowerEU.

The keynote would be roughly **10 minutes** and would not involve Q&A unless specifically asked for by yourself.

In anticipation of a favourable outcome, please accept, Commissioner Simson, the assurances of my highest consideration.

Yours sincerely,

[Redacted signature]
