Ethics Check or Review during the project

In your opinion, would an Ethics Check or Ethics Review be necessary during the project?

Yes (Ethics Check)

The project will expose data subjects to specific ideational, rhetorical, and emotional elements of the current illiberal discursive strategies that will be obtained from WP3. This task may enable profiling activities (Part B, page 23). Also machine learning technology will be used (Part B, Task 2, page 24).
