Dear [REDACTED], dear Mr Prinz,

Thank you once again for meeting with us last week to discuss the revision of the Product Liability Directive.

Following up from the exchange, please find attached our position paper on the subject touching on many of the issues discussed during our call.

Additionally, in view of our brief exchange relating to the interplay of the PLD with the Representative Actions ("Collective Redress") Directive, we take the liberty of sharing further considerations via the attached letter.

We remain at your disposal for any questions or comments.

Kind regards,

[REDACTED]
