Dear Camilla,

We hear the possible launch of the Chemical Strategy could be October 14<sup>th</sup>.

By coincidence that is exactly the week of our Cefic convention (all electronic this year).

Would the Commissioner be prepared to present this in a dialogue with our CEO's?

Date could be October 16<sup>th</sup>?

We have a session planned with DGENV team as well – Kestutis and others, but I think there is value in having a full CEO dialogue with the Commissioner as well?

Please advise
