Brussels, 23<sup>rd</sup> February 2022

Dear Commissioner,

Following the exchanges with your Cabinet, we are pleased to confirm the meeting for tomorrow 24<sup>th</sup> February at 14.30h in relation to the ongoing crisis in the EU pigmeat sector and to the need for further market management action.

We are very concerned by the lasting market situation where EU pigmeat producers are operating below production costs. Unfortunately, the market situation has not improved but the producers are confronted with historically high prices for inputs, namely feed and energy. We expect the difficult market situation to continue in the following weeks.

Our delegation will be formed by both Copa and Cogeca. **Personal data**

**Personal data** We will also engage the Copa-Cogeca team interpretation EN-FR-ES.

Our Secretariat will be in touch with your offices to organize the logistics related to the entrance to the Berlaymont building.

Thanking you in advance for your consideration.

Kind regards,
