Dear Art.4(1)(b),

thank you for your reply, I understand the EVP must be busy in September.

Yes we would be happy to have a call in September at cabinet level to discuss the TTC and digital trade. For the digital files (AI Act, the Data Act and the telco tax), we are already in contact with DG Connect and the relevant cabinets on the details, but wanted to raise them with you on a higher level basis, in the frame of the TTC discussion and digital alignment.

Looking forward to hearing from you on a possible date and time that would suit you best from September,

With kind regards,

Art.4(1)(b)

Dear Art.4(1)(b), we discussed – unfortunately we cannot give you any dates in September as we are still on process to plan urgent meetings and missions.

On the topics which you send us below – on TTC and digital trade we would be happy to engage at Cabinet level with Google team, on the rest – all digital policies the best would be to go directly to EVPV team.

As I said, the best option for the meeting with your CEO would be to try to arrange a meeting in the margins of next TTC in US.

Warmly,

Art.4(1)(b)
