Subject: PlasticsEurope

Dear Helena and Sarah,

I wanted to update you on timing for Mr Timmermans' potential intervention at our General Assembly on 24 June. Timing of the meeting is from 3.30pm to 6pm.

I really hope Mr Timmermans can address our membership on the EU's green recovery and related targets, the EU's enabling framework in which our industry can further invest with some predictability and where we can support the Commission's ambition and strengthen the European Union's strategic industrial base.

We are crossing our fingers for a positive answer.

Best wishes,

[REDACTED]

PlasticsEurope is one of the leading European trade associations with centres in Brussels, Frankfurt, London, Madrid, Milan and Paris. We are networking with European and national plastics associations and have more than 100 member companies, producing over 90% of all polymers across the EU27 member states plus Norway, Switzerland, Turkey and the UK. The European plastics industry makes a significant contribution to the welfare in Europe by enabling innovation, creating quality of life to citizens and facilitating resource efficiency and climate protection. Over 1.6 million people are working in close to 60,000 companies (mainly small and medium sized companies in the converting sector) to create a turnover of more than 360 bn EUR per year. The plastics industry includes polymer producers - represented by PlasticsEurope, converters - represented by EuPC - and machine manufacturers - represented by EUROMAP. For further info see the web links: www.plasticseurope.org, www.plasticsconverters.eu, www.euromap.org
