Dear Mr Grassi,

Following up my letter of 2 December to the Commissioner, I am writing now to ask to have a 30-45 minute introductory meeting with you to highlight our key policy asks as set out in our attached manifesto, and prepare a possible future meeting with the Commissioner. We have a good record in minimising our carbon footprint with renewable energy, low-emissions transport solutions and encouraging circular approaches in our supply chain and with consumers. I hope that we will be able to help the Commissioner in taking forward her agenda in these and other areas. My office will contact you shortly to set up the meeting, and I look forward very much to meeting you.

Best regards,

Christian Verschueren
Director-General
