Dear Move PSO regulation team,

Thank you very much for your reply. The draft guidelines were discussed in our mobility expert group last week and raised the interest of our members. We are currently collecting feedback from our expert on public services as well.

In order to put together all the contributions and coordinate between the two groups, we assess that two extra weeks, until 24 February, would really help us to provide a meaningful feedback.

Thank you very much for your understanding.

Dear Move PSO regulation team,

Thank you very much for reaching out to CEMR and for your interest in our activities.

We put this item on the agenda of our next expert group meeting, which brings together expert from our member associations on mobility issues. However, given the calendar and winter break, it would be very challenging to collect views and prepare a response for the requested deadline.

Would it be possible to request an extension to provide feedback ?

Thank you very much for your understanding,
