[CER comments on draft Revised Interpretative Guidelines concerning Regulation No 1370/2007.pdf](#)

Dear DG MOVE colleagues,

Community of European Railway and Infrastructure Companies (CER) would like to thank the Commission for the opportunity to respond to the draft Revised Interpretative Guidelines concerning PSO Regulation, distributed by means of below email. Kindly find attached the document outlining CER members' position on the draft. As you will see in the attached document, CER members have a number of concerns in regard to the draft. I hope that these concerns will be taken into account by the Commission and addressed in the subsequent draft Revised Interpretative Guidelines.

Thank you in advance for your cooperation. CER would be happy to provide further clarifications in case of any questions.

With my best regards,

[REDACTED]
