Dear Madam.

Thank you very much for your reply. However, I can only express my deepest disappointment and frustration that after 7 months hoping for a fair and sound investigation of my complaint it is only resolve by an inspection report carried out in EEAS and not towards my employee which is EULEX. I would like to believe that, simply, my complaint was misunderstood.

Indeed, having a mandatory deadlines to initiate legal proceedings an as advise by my lawyers I lodged, back in august 2013, the corresponding appeal before the EU Court of Justice which will decide and investigate only on the annulment of the decision of my dismissal.

However, my complaint was grounded on a clear maladministration which happened before the dismissal. As I explained several times in my reports, the procedure which led to restructure the Mission and dismiss a group of people including two pregnant women was, in my opinion, unlawful, unjustified and unnecessary, discriminatory and, more important arbitrary. This, including an eviction from my office space and removal of my personal belongings without my authorization, is not subject to any legal proceedings and, evidently, the Court is not going to investigate this previous process thus the only institution that can do so is the EU Ombudsman. Should there is a different institution dealing with such maladministration practices, I would kindly ask you to address me to it.

In light of the above, I would kindly ask you to convey to EU Ombudsman my kindly request to reconsider her decision.

Moreover, I would kindly ask you to provide me with the necessary information in order to lodge an official appeal contesting this conclusion in this very same instance and/or in a second instance as I presume that the ombudsman would be also subject to a control and revision of its investigations and final conclusions and decisions.

I would like to thank you in advance for your support and assistance in the above mentioned requests.

Kind regards,
