Dear Mr [REDACTED]

Following our telephone conversation and your call to my colleague about this letter to Mr. Silva Rodríguez concerning Indirect Land Use Change – you will see from this e-mail exchange that we will now only be requested to make a contribution to a reply to be prepared by DG AGRI. We are just awaiting the new attribution now.

Regards

Dear [REDACTED] and [REDACTED],

After discussing your remark with [REDACTED] she agreed that the reply should be sent by Mr Silva Rodriguez with the contribution of DR RTD.
I will change the attribution accordingly to that.

Thank you,

[REDACTED],
We received a letter with the subject "Indirect land use change (ILUC) and European biofuels promotion" (AGRI reg n° above)

It was addressed to Mr. Silva Rodriguez, DG AGRI – Mr. Smits and some other DGs were in cc.
Directorate E has been nominated Chef de File for a reply to be signed by Mr. Smits.

However, the letter refers to modifying some specific directives for which we are not responsible.

We feel that it should be replied to by Mr. Silva Rodriguez and that it is not necessary that RTD replies.

Could you ask [REDACTED] to check this...?

Thank you
