Subject: Letter of ENGOS on ILUC and biofuels

Dear Commissioner Quinn,

We are very concerned about the latest discussions around the debate about biofuels and Indirect Land Use Change (ILUC).

Therefore, environmental NGOs, BirdLife Europe, the European Environmental Bureau and Transport & Environment, have prepared a letter to reiterate our

concerns and arguments.

We hope it can inform your discussions in the days to come.

Do not hesitate to be in contact in case you were to have any further questions.

Yours Sincerely,

[REDACTED]

on behalf of Angelo Caserta, Regional Director BirdLife Europe
