Dear [REDACTED],

Many thanks again for the meeting with BusinessEurope last Wednesday.

We, the cement industry, have actually some more detailed question which I would like to discuss with you. Please find those attached hereto.

I would appreciate if we could plan a meeting to discuss so that I can better understand some of the issues.

I just talked with your assistant who told me that Monday 28 September could suit you. What about 14:30?

Kind regards,

Claude
