Stefan,

We have now organized the trip that best would be if we could meet at Rue Demot at 15:00 On Thursday July 14<sup>th</sup>?  
Of course, we still have the flexibility if you would prefer alternative timing.

Dear Mr. Moser,

thank you very much for your swift response.  
The proposed dates are difficult for us and later in June it now appears that Ursula will be travelling a lot.  
Hence we might propose to shift this to July.  
Would July 14 or 15 be possible for you?  
best regards,  
nikolaas

**Subject:** kind request for meeting in June

Dear Mr. Moser,

I'm not sure we ever met, but I'm writing you with a kind request for an informal meeting with ExxonMobil which is one of the major Natural Gas producers and marketers in Europe.

Later in June, Ursula Hartley, Senior Analyst for ExxonMobil Gas& Power marketing, will be in Brussels on business trip.

Ursula has a long experience of Business Planning & Analysis in Europe and plays a major role in the development of the ExxonMobil Outlook for Gas.

In the light of the current debate on the EU Security of Energy Supply, Ursula would be pleased to share with you the Company's views on the global trend in the gas market, focusing on aspects like the global competition for LNG and the specificities of the European demand and supply trends.

I am certain that this would represent a fruitful occasion of discussion, where we would happy to present the latest analysis of our European Gas Department.

Therefore, if you believe it is of your interest, perhaps you may want to suggest some dates during the month of June, in order to arrange the meeting.

Perhaps you want to consider involving other officials of your Directorate.

Looking forward to your reply,

kind regards,

Nikolaas Baeckelmans
