Subject: COARM CODUN COACD: Information regarding brokering activities

Further to the recent meeting of COARM (05/10/2012), Cyprus would like to ask partners for the exchange of information regarding brokering activities and the relevant measures taken by each Member State.

In December 2011, Cyprus issued the "Export, Brokering and the Provision of Technical Assistance (Military Equipment) Regulations of 2011" which update the legal framework for the implementation of Common Position 2008/944/CFSP, Common Position 2003/468/CFSP and Joint Action 2000/401/CFSP. The procedures established for the examination of applications for exports or brokering of arms and/or military equipment under these Regulations are identical for both types of applications.

The relevant authorities of Cyprus are currently reviewing the implementation of these Regulations. Cyprus would therefore like to request Member States to provide information regarding the measures taken for identifying brokering activities and transactions, as well as any other relevant information on the subject.
