Subject: Our meeting on 19 May | Zentralverband Oberflächentechnik e.V.

Dear !
Dear

In the name of ZVO member companies and the electroplating sector as a whole we would like to thank you for our fruitful meeting on 19 May in your office. We are very glad to hear that the specific challenges that European chemicals legislation constitutes for small and medium-sized enterprises is high on DG GROWTH's agenda.

As you proposed, we are planning to hold similar talks with your colleagues from DG EMPL and DG ENV in order to bring the issue of REACH versus OSH further.

We would be very grateful to continue the dialogue with you and would also like to reiterate our wish to invite you to the upcoming CETS / ZVO expert luncheon event on SMEs and REACH. A formal invitation will follow soon.

Thank you very much again,

ZVO
