**Subject:** RE: Possible meeting on boric acid

Dear

Thank you for your message, which I have forwarded to my colleagues who will in the near future evaluate ECHA's recommendation, and have asked them to consider whether a meeting as suggested would be helpful at this stage. They will get back to you in the coming weeks.  
I would also suggest that you first send us whatever additional information is being collected first in writing.

Another question: can you confirm that ZVO participated in the public consultation launched by the Commission in parallel to ECHA's to collect socio-economic information related to a possible inclusion of borates into Annex XIV?

Regards,

**European Commission**
